Creator God,

As we come to this table we think of the individual journeys that brought each of us here. Our stories are different. Our journeys are different. Our responses to much of what surrounds us are different.

But at this table, we are one. One group that believes in you.

You who sent Jesus to ransom our souls. You, through the power of your Holy Spirit gives us strength and encouragement every hour of every day. You, the image of the father, son, and Holy Ghost engraved on our hearts.

We share this cup in humble gratitude as we rededicate our lives to you. Let Caesar have his due. Let God have our souls.

Amen
